

# Tyler County Family Resource Network

The Family Resource Network assists with service coordination needs, resource assessment, planning, community mobilization, and evaluation of programs. The FRN's goals include helping the community:

- ◆ Achieve and maintain good physical and mental health
- ◆ Be ready to succeed in school
- ◆ Possess marketable skills and have access to good jobs
- ◆ Have adequate resources to protect, nurture, educate, and support their children
- ◆ Live in permanent and stable homes
- ◆ Be safe in their homes and communities

## **Projects of the FRN:**

- ◆ Baby Bag Project – every family that has a baby has the opportunity to receive a bag full of products and resources for families with new children. We do this program in collaboration with Parents as Teachers.
- ◆ Carry On Project – Bags for youth placed out of the home. We supply WVDHHR, in collaboration with Marshall Co. FRN and Wetzel County Center for Children and Families, bags with PJ's, hygiene necessities and a book and/or stuffed animal.
- ◆ The FRN participated in the Backpack Project at TCHS/TCMS by supplying the school with backpacks for students.
- ◆ Collaborate with the schools on substance abuse prevention programs.

The FRN is responsible for a Resource Guide for Tyler County.
